# SAN JOSE UNIFIED SCHOOL DISTRICT

District Spotlight

This fact sheet shows how San Jose Unified School District (SJUSD) is serving its students of diverse backgrounds, based on the latest state test scores in English and math. It also shows the percentage of students that are graduating from the district, and the percentage of those graduates that have completed the coursework necessary to apply to a UC or CSU.

SJUSD enrolled 30,930 students in 2016-17 with Latino students making up over half of students in the district. While the district has strong academic results for its White and Asian students, too many Latino students are left behind.
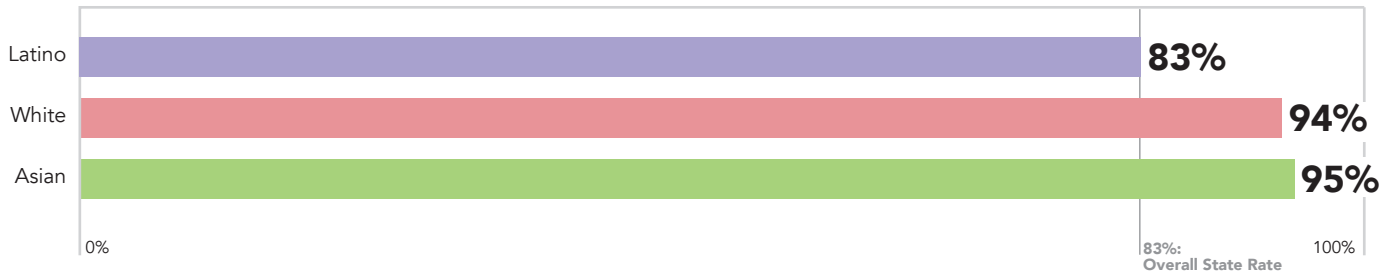

9% Other
14% Asian
52% Latino
25% White

*Note that this only includes students who graduate in the given year. It doesn't account for students who drop out or don't graduate on time.

Latino Student Spotlight

Latino students make up 52% of students in SJUSD (16,041 in total). This Latino Student Spotlight includes all of the schools in San Jose serving at least that same percentage of Latino students.

Some other local schools are also included here as a comparison to the schools in SJUSD. These "comparison schools"* (results shown in green) are local schools that serve a similar population to SJUSD and are achieving high results for this group of students.

For each school below, the pie charts show what percentage of Latino students are enrolled. The bar charts show what percentage of students are on grade level.

🟩 Comparison school in Santa Clara County with similar demographics

🟢 Comparison school within the district

⬜ District and charter schools located within SJUSD boundaries

🚩 Denotes a school that had a "red" Suspension Indicator for Latino students on the California State Dashboard. This means that the school has an especially high suspension rate for Latino students and/or a significant increase in that suspension rate from the previous year.

*Comparison schools were identified if they were the highest performing school for Latino students out of a pool of local schools in Silicon Valley serving a similar student population. For more detailed information, refer to the methodology available on our website at www.innovateschools.org/datasheets/.
